Get total control of your TV or monitor's position with this full motion wall mount. Always have a great view of the screen wherever you are in the room. It is perfect if you want to move it around or to place the TV in a corner. Rotate the screen left or right (-/+90°) and tilt it up or down (-5°/+15°) to get the perfect viewing angle and reduce glare. Extend the TV outwards for easy access to cables, or push it back neatly against the wall. Once installed, no tools are needed to change the position or angle of the TV. The mount is fitted in two parts - one to the TV, one to the wall. Simply lift and slide the TV onto the wall mount and then tighten the locking screw to secure it. NEO cushioned pads protect the TV from scratches and provide insulation for improved audio. Compatible with VESA sizes 75x75 - 100x100mm.
